

Investment Analysis Skills

A collection of analysis frameworks and scripts for stock research.

Local Skills

Frameworks

Skill	Description
Pulak Prasad — Investing from Darwin (EN)	Stock-picking checklist: Kill List → ROCE quality check → Buy & hold. Three pillars: avoid big risks, buy quality at fair price, be very lazy.
Pulak Prasad — Investing from Darwin (中文)	Same framework in Chinese.

Scripts

Script	Description
download_reports.py	Download annual reports (年度报告) from cninfo.com.cn for Chinese-listed stocks (2020–2025).
download_sec_filings.py	Download 10-K, 10-Q, 8-K filings from SEC EDGAR for US-listed stocks.

InvestSkill (External)

Source: github.com/yennanliu/InvestSkill — 21 structured analysis frameworks that work with any LLM. MIT licensed.

Core Stock Analysis

Skill	What it produces
